Reference letter for Chris Miracle

I have had the pleasure of coaching Chris Miracle in Roller hockey during 2 years in the 12 and 14 under Dream Sports Dragons travel teams. During each year, we had roughly 50+ practices and participated in 10-15 week-end tournaments, many of them requiring travel in the Southeast. I have had the opportunity to get to know Chris on and off the rink.

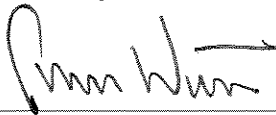

As a player, Chris is a strong forward with good technical skills. He is a proven goal scorer and someone we wanted to have on the rink during crucial game situations. Chris is very ambitious and always willing to learn. He works hard at practice and does not complain when the drills are tough and demanding. He accepted advice on how to get better in an excellent way and it was clear to me that he practiced on his own outside of our regular practices. This way, he improved his skills faster than others.

Chris supported the coaches by serving in a Co-Captain role. In this role, he was leading his team mates and making sure that the directives from the coaches were implemented on the rink.

Chris was well liked by his team mates and was always eager to participate in off the rink team activities.

Chris is a polite young man who is willing to accept his responsibilities in a mature way.

Sincerely

Anders Westin
Coach Dream Sports Dragons
